SPECIFICATIONS

GENERAL

Model TL44 drinking fountain is a steel outdoor dual station fountain with pet fountain and bottle filling station with rounded corner design, heavy-duty steel with textured powder-coat finish for year-round beauty with minimum maintenance. The powder-coat process coats the inside and outside for the ultimate in corrosion protection. Unit shall include powder-coated finish with vandal-resistant pushbutton actuation, vandal-resistant bubblers with integral hood guard, and contour-formed rounded basins to reduce splash and prevent standing water. Bottle Filler shall include a laminar flow for minimal splash and provide 1 gallon per minute fill rate.

BOTTLE FILLER

Provides a quick fill at 1 gallon per minute. Laminar flow provides a clean fill with minimal splash and easy maintenance.

BUBBLER

Vandal-resistant bubbler is one-piece, heavy-duty construction SUS304 stainless steel. Unit has integral hood guard design to prevent contamination from other users, airborne deposits and tampering.

BASIN

Contour-formed stainless steel design with rounded edges reduces splatter, ensures proper drainage and prevents standing water.

PUSHBUTTON ACTUATION MECHANISM

Self-closing, vandal-resistant pushbutton does not require grasping or twisting.

WATER INLET & DRAIN OUTLET

Inlet: 1/4" O.D. Tubing

Outlet: 1-1/4" tube outlet for 1-1/4" slip joint connection

ACCESS PANELS

Heavy-gauge steel with vandal-resistant screws. Provides access for easy hook-up of all plumbing connections.

APPLICATIONS

Perfect for either public or private outdoor settings, the TL44 is a great fit in areas where aesthetics are important to the overall appeal of the architecture. Suitable in areas where weather conditions exist, this series stands strong as a nice addition to any community. Powder-coated finish helps to maintain the fountain's overall appeal so it remains looking as new as it did when it was installed. This type of tubular drinking fountain may also be placed in a variety of settings such as: parks, schools, and other outdoor environments around office buildings where the temperature remains above freezing.
